

# Mission Statement

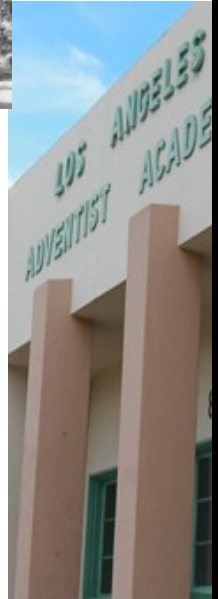

*The LAAA Alumni Association believes that education involves the harmonious development of the mental, physical, social, and spiritual aspects of each student and the building of Christian character.*

*Therefore, we have pledged to assist in rebuilding the bridge of relationship with LAAA by reaching out to our pastors, churches, former students, faculty and alumni to partner with LAAA and promote Christian education.*

*Our focus is to encourage our Alumni to partner with LAAA's mission "to provide a Christ-centered learning environment that promotes academic excellence and prepares students for a life of service to a culturally diverse community."*

*Los Angeles Adventist Academy Alumni Association*
